Subject: Approval of Amendment to Notice of Intention to Commence Large Mining Operations, Mountain Valley Stone Supply, Inc., Brown's Canyon Mine, M/043/019, Summit County, Utah

Dear Mr. Hicken:

On June 8, 2004, the Division received a Notice to amend your operations at the Brown's Canyon mine in Summit County. This amendment included adding a scalehouse and a temporary access road. During a recent review of your file, it was discovered that the Division may not have issued final approval of the amendment. However, the cost of reclamation for this amendment is included on the updated reclamation surety which we received on July 8, 2004. Therefore, the Division considers this amendment approved.

Thank you for your cooperation with Division staff. Should you have any questions regarding this approval letter, please don't hesitate to give me or Lynn Kunzler of the Minerals staff a call.

Sincerely,

Daron Haddock
Permit Supervisor
Minerals Regulatory Program
